HELP PUT HEAT ON

VULNERABLE REPUBLICANS

If we can flip just a few vulnerable republicans, we can derail the terrible budget bill being considered by the senate. Go to Activate America for easy links to:

1. Write your senators and representatives-even if you're in a blue state. It builds momentum.
2. Participate in phone banking-call purple states to encourage voters to express outrage to their vulnerable republican senators.
3. Participate in postcard campaigns to do the same. Use the QR code on the back to get started, or go to: <https://www.activateamerica.vote/>
